# President's Welcome

Over the past year it has been my privilege to serve as President of the Virginia Association of Counties. I am proud of this association. You should be too. Much has been accomplished.

We are in the first year of implementing a new strategic plan that was developed with much participation by you, our members. We have put more energy into the development of our educational programs. We have benefitted from major successes in our advocacy efforts with the General Assembly. And, we have strengthened many of our enterprise programs.

These accomplishments result from the hard work of our members in partnership with a professional and highly dedicated staff.

Most public services are delivered at the local level. In recent years, counties have been mandated to assume new responsibilities requiring not only additional financial resources, but a broader base of knowledge among local policy makers. Also needed, is a greater diversity in the expertise of county staff. To meet the increasing demands upon counties, it is imperative for VACo to grow as a resource for local officials who are working hard to meet new challenges.

VACo's Annual Conference serves as an important opportunity for our association to provide information and for county officials to exchange ideas and share experiences. In preparing this year's conference, VACo's Conference Planning Committee and staff have worked diligently to develop an informative program. Also, participation in the work of VACo's seven steering committees provides members with an opportunity to help shape VACo's 2015 Legislative Program and Policy Statements.

As you attend this year's conference, please take time to visit our exhibitors. In our Exhibit Hall, you will find over 100 companies and organizations that serve as your partners in providing public services. Please thank them for their support of our conference.

Finally, as my term as VACo's president draws to a close, let me express to each of you my appreciation for your active participation and support you have shown over the past year.

During our conference, I look forward to speaking with all of you and thanking you personally for your public service.

# THE POWER OF STICKING TOGETHER.

We're helping the communities we serve  
become even stronger.

There are many things we can do to help hold our communities together. And at Dominion, that means we do more than write checks. So while we're very proud to invest more than \$19 million in our communities annually, we're even prouder of Dominion's employees for volunteering 100,000 hours of their time. From refurbishing homeless shelters to replenishing local food banks to cleaning up parks to helping soldiers and their families, we're donating the most precious resource of all: our energy. ## VACo Names Moody President

The membership of the [Virginia Association of Counties](#) elected Dinwiddie County Supervisor Harrison A. Moody as 2013-2014 President during VACO's 79<sup>th</sup> Annual Conference in Bath County. Moody and other newly elected officers started their terms at the association's Annual Business Meeting on Nov. 12.

Moody succeeds Middlesex County Supervisor John D. "Jack" Müller, Jr.

Moody became the second president from Dinwiddie County and the first in nearly 60 years. C. Harrison Zehner served from 1957-58 and was Moody's second cousin once removed.

"I'm humbled that the VACO membership has elected me President," Moody said. "Although being VACO President comes with its opportunities to network with key stakeholders in the legislative and executive branch, the important part is my service to VACO membership. I will do my best to serve VACO members with enthusiasm, humility and resolve."

Moody has served as Dinwiddie County Supervisor since 1987 and was selected chair six times during his tenure. He also served as vice chair six times.

"Harrison is longtime leader of VACO and his vast experience in county government is an asset to the association," VACO Executive Director James D. Campbell said. "Harrison is a proven leader and knows the issues that concern our counties. His work with NACo also gives him a broader perspective that will serve our members well. VACO is fortunate to have Harrison Moody as its president."

Among his many accomplishments on the Dinwiddie County Board of Supervisors is the establishment of major industry leaders in the County. Moody was instrumental in bringing in a Wal-Mart Distribution Center, an Amazon.com fulfillment center and Chaparral Steel production facility (now Gerdau Ameristeel) to Dinwiddie County.

Moody is also proud of the county's Dinwiddie Sports Complex, which provides recreation for county citizens and also draws thousands each year for regional and national tournaments. The county also has improved its communications with citizens through its advanced website and social media presence. Moody also is an avid supporter of public education providing adequate funding yearly and support for the capital projects the school system has needed during his tenure.

Moody was elected to the VACO Board of Directors in 2001 as the Region 4 representative. Moody has served on the following boards and committees: VACO Agriculture and Environment Steering Committee since 2001; Chairman of the VACO Rural Caucus Committee since 2007; NACo Board of Directors (May to December 2007, December 2009 to July 2010; July 2012 to June 2013 and July 2013 to present); NACo's Agriculture and Rural Affairs Committee (2008-present-currently chair food safety subcommittee); and NACo Rural Action Caucus since 2008 and currently serving as vice chair.

# About the development and adoption of VACo's annual legislative program

**1. Spring regional meetings:** VACo members are invited to attend regional meetings to identify and discuss key statewide legislative and policy issues.

**2. Resolutions Committee meetings:** The committee oversees the development of the annual Legislative Program. They meet in early fall and during the annual conference in November. The committee receives legislative updates during the annual legislative session.

The Resolutions Committee includes the six members of VACo's Executive Committee and the chairs and vice chairs of VACo's seven steering committees. VACo's First Vice President chairs the Resolution Committee.

The seven steering committees are Economic Development and Planning, Education, Environment and Agriculture, Finance, General Government, Health and Human Resources and Transportation.

**3. Steering Committees:** The seven steering committees meet at least twice - once in late summer and again November during the annual conference. The Steering Committees develop their policy sections for the annual Legislative Program.

**4. VACo membership:** The VACo membership adopts the new Legislative Program during the annual business meeting on the last day of the annual conference in November.

## **Additional information**

The President appoints steering committee chairs and vice chairs. VACo members volunteer to serve on steering committees.

In early Fall, prior to the annual conference, the membership receives a Preliminary Legislative Program. This draft is revised during the annual conference.

Contact **Dean Lynch**, Deputy Executive Director, for more information about VACo's legislative policy process: [dlynch@vaco.org](mailto:dlynch@vaco.org) or 804.343.2511.

# Help Your Residents Save on Prescriptions

And Help Your County's Bottom Line, Too!

NACo's Prescription Discount Card Program was launched in 2005 and county residents across the country have saved more than \$470 million over that period of time. Your residents can save, too!
