

# Our Company

## Expect More. Get More.

Founded in 1885 and ranked among the top privately-held insurance advisory firms in the country, RCM&D provides strategic insurance consulting, risk management and employee benefits services. RCM&D combines vast experience, specialized expertise and personal attention to deliver solutions individually tailored to each client's needs. We employ more than 275 professionals throughout six Mid-Atlantic offices.

As a founding member of Assurex Global, an exclusive Partnership of 104 of the leading independent risk management and insurance firms covering 50 states and 30 countries across six continents, we are able to maintain a strong national and international perspective. An international insurance powerhouse, the Partnership combines the local expertise and global reach of brokers and advisors.

SISCO is a Third Party Claim Administrator (TPA) and Consulting Services Company founded in 1979. It was formed to provide a solution for companies seeking a self-insured alternative and needing claim administration. The SISCO team provides comprehensive claim management, risk consulting and advisory services to address complex risk management needs. Responsiveness, quality and pursuit of excellence are what make SISCO a leader in the industry and a company whose services are valued and highly sought.

“There’s real meaning behind the & in RCM&D.”

Our clients tell us we do so **much more** than they expect from an insurance, risk management and benefits broker.

Our **know-how and exceptional service** clearly set us apart.
