

## VACo Member Survey Questions

Introduction: The Institute for Building Technology and Safety (IBTS) has teamed up with organizations in the past to provide regional, as-needed building code department and other services to their members. Using boots-on-the-ground staff, IBTS solutions will streamline government projects, reduce risk for non-compliance, and free up valuable budgetary resources.

Please take a few minutes of your time to let us know what services your county may need but not currently have the resources.

1. Which of the following services does your county need currently?
