VACo recognizes winners of the Go Green program

The Virginia Association of Counties (VACo) is pleased to announce the recipients of the 2011 Go Green Awards recognizing local governments that have implemented practical actions that reduce carbon emissions and make energy use more efficient.

The winning counties are:

- Albemarle County
- Arlington County
- Chesterfield County
- Clarke County
- Culpeper County
- Frederick County
- Hanover County
- Henrico County
- Roanoke County

This is the third year VACo has participated in the program, which was started by the Virginia Municipal League in 2007 and called “Go Green Virginia.”

The program is generously supported and sponsored by Moseley Architects and Trane.

“A couple of years ago, VACo dedicated our new building that was renovated with green construction as a priority,” VACo Executive Director Jim Campbell said. “We are proud to be a part of an exciting program that encourages our members to implement the same thinking and priority.”

Visit www.GoGreenVA.org for more information.

VACo exists to support county officials and to effectively represent, promote and protect the interests of counties to better serve the people of Virginia.
