

Test the Speed of your Internet Connection !

In an effort to expand high-speed Internet access across the state, Virginia Tech's eCorridors has launched Accelerate Virginia, a broadband mapping project.

Visit www.acceleratevirginia.org/speedtest today to take the speed test and get an instant review of your Internet connection, as well as information on what others in your zip code are reporting about their Internet service.

Users of mobile devices are encouraged to install and run the free FCC Speed Test app for their device:

Android: <https://play.google.com/store/apps/details?id=com.samknows.fcc&hl=en>

iPhone: <https://itunes.apple.com/us/app/fcc-speed-test/id794322383?mt=8>

If you have questions or do not have access to high speed Internet services please register your broadband dead zone by contacting:
Jean Plymale: 540-231-2270 / vplymale@vt.edu

Thank you for participating!

AccelerateVirginia.org

Accelerate Virginia in two easy steps!

1) Map your Speed

Visit acceleratevirginia.org to run an Internet speed test and add your connectivity data to the Accelerate Virginia broadband map.

2) Pass it along

Tell your friends and neighbors to help promote increased broadband service in your community by taking a speed test today.

Visit the "Accelerate Your Community" section at acceleratevirginia.org for resources and ideas on running a successful local speed test campaign in your own community.
