

**Job Title:** Microsoft Technical Architect  
**Application Deadline:** July 19, 2024

Albemarle County Government is seeking a Microsoft Technical Architect/Systems Analyst to provide leadership in the maintenance, development, and promotion of Albemarle County's use of Microsoft 365, SharePoint, and Power Platform. This includes the full spectrum of support, including: investigating user requirements and licensing needs; developing design specifications for solutions to improve business processes; creation, implementation, and staff training of implemented solutions; day-to-day support of this infrastructure, regardless of department; and handling upgrades and communicating new features.

Five or more years combined experience as a Microsoft, SharePoint, or Teams administrator, or related position in a similar, enterprise environment, plus preferably one of the following: 1) Bachelor's degree from an accredited four-year college/university with extensive class work in information systems; or, 2) Community college degree in Computer

Science or Business. Additional experience may be substituted for education. This is a hybrid remote work position and the anticipated hiring range for this position is \$82,443 - \$91,121. All County employees must reside in the commonwealth of Virginia. Position open until Friday, July 19.
