Job Announcement

Join the future of transportation with the Fairfax County Department of Transportation (FCDOT). Since 1977, FCDOT has been at the forefront of transforming our community. Our mission is to plan, coordinate, fund, implement, and sustain a cutting-edge multimodal transportation system that meets the dynamic needs of Fairfax County. We are committed to enhancing mobility, safety, and the quality of life for residents, businesses, and visitors.

Are you passionate about making a tangible difference in your community? Do you have the drive and expertise to lead transformative transportation projects? FCDOT is seeking an Active Transportation Section Chief to join our Capital Projects and Traffic Engineering Division. This position combines personnel management, analysis, project and vendor management, stakeholder engagement, and policy development. Duties include managing and expanding existing active transportation-supporting infrastructure, working with external groups, including municipalities, advocates, and developers, to improve Active Transportation planning, projects, and programs, and developing policies and practices to support the department's mission.

Join us at FCDOT and be a pivotal part of shaping the future of transportation in Fairfax County. Bring your skills, vision, and passion for public service to a team dedicated to innovation and excellence. Transform your career and your community with FCDOT. Together, our team will create a brighter, more connected future for all.

Responsibilities include:

- Managing a professional team and completing assignments related to:
 - Managing planning studies, providing policy and technical expertise, and developing recommendations to meet the county's active transportation goals.
 - Developing and reviewing intersection, roadway, and other multimodal transportation facility design plans, feasibility studies, and environmental impact assessments.
 - Identifying the need, location, and scope of new pedestrian, bicycle, trail, and shared micromobility facilities and equipment.
 - Managing programs for shared micromobility devices, such as bicycles and scooters.

- Defining and negotiating scopes of work for contracted deliverables and services, ensuring accurate and high-quality work products and services.
- Developing, monitoring, and managing active transportation capital project and program budgets, schedules, and operations, ensuring projects and services are delivered as required.
- Ensuring Fairfax County policies and standards are met across projects.
- Developing policies, procedures, and partnerships to execute organizational priorities more efficiently.
- Identifying, responding to, and resolving public concerns related to active transportation facilities and services.
- Working collaboratively with internal and external stakeholders, including municipalities and other agencies, to support the deployment and ongoing management of active transportation and micromobility accommodations at Fairfax County and partner facilities:
 - Answering related questions from members of the public, stakeholders, and coworkers.
 - Coordinating cross-functional teams and communicating with internal and external parties while meeting tight deadlines.
 - Collaborating across the organization to develop consensus and communicate decisions.
 - Answering related questions from elected officials, members of the public, stakeholders, and coworkers.
- Preparing and sharing technical reports, status reports, meeting summaries, letters, official items for the Board of Supervisors' consideration, and other documents, as required.
- Preparing presentations for and serving as a subject matter expert at project-related public meetings, briefings for senior leadership and elected officials, and different audiences, as necessary to meet specific audience needs.
- Attending other project-related meetings, both in-person and virtual, including occasional evenings and weekends.
- Performing related duties assigned.
